**Summary**

At the State University of New York (University), clinical practice is conducted by University clinical faculty at university hospitals, outpatient facilities and affiliated health care facilities. The income from clinical practice is collected and administered through each campus' clinical practice management plan (CPMPs), presently there are six plans. The plan locations and types are Health Science Center (HSC) at Brooklyn (medical); HSC at University of Buffalo (medical and dental); the HSC at Stony Brook (medical and dental); and the HSC at Syracuse (medical). These CPMPs operate under 8 New York Code of Rules and Regulations (NYCRR) §340.

Subject to the requirements contained in 8 NYCRR §340.4 (plan requirements), the day-to-day management of any plan shall rest in the governing board of the plan including, but not limited to, authority to review accounts, transmit reports to the chief administrative officer and establish supplementary guidelines for expending clinical practice income. Specifically, §340.4(g) enumerates the order of the disbursement of CPMP revenue must be made. §340.4(g) (3) states that payment of all other costs of clinical practice determined in accordance with generally accepted accounting principles and allowable to a practitioner as a deductible cost or expense under current federal Internal Revenue Service guidelines.

---

**Policy**

It is the policy of the State University of New York (University) that all funds expended from clinical practice plan income shall be made consistent with current federal Internal Revenue Service Guidelines (IRS Publication 535 – Business Expenses).

---

**Definitions**

**Clinical practice** - the act of providing all forms of medical and health care, including patient consultations, and the act of performing clinical investigation involving patients, for which acts a fee for professional service is customarily

charged. Clinical practice may be organized along departmental, multi-departmental, or institutional-wide lines.
