## Summary

The New York State Ethics in Government Act and the New York State Ethics Commission's regulations require state agencies to establish a code of ethical conduct governing business and professional activities of their uncompensated officers in policy-making positions. Accordingly, the State University of New York Board of Trustees adopted the Code of Ethical Conduct for University officers applicable to the members of the University Board of Trustees, the councils of the state-operated campuses and the Board of Trustees of the College of Environmental Science and Forestry.

## Policy

### Background

The University Board of Trustees adopted on September 27, 1990, and revised on May 31, 2007, a Code of Ethical Conduct (Code) applicable to the service of its members, as well as those who are members of campus councils and the Board of Trustees of the College of Environmental Science and Forestry (ESF). The Board adopted this Code pursuant to regulations issued by the New York State Ethics Commission (State Ethics Commission) which generally require state agencies to establish internal agency-specific codes of ethical conduct governing the business and professional activities of uncompensated officers (19 NYCRR §932.5). The Code must be distributed to all newly appointed members of the University Board of Trustees, each state-operated campus council and ESF Board of Trustees.

The Code, which has been filed with the State Ethics Commission, establishes ethical standards and limitations on outside activities applicable to all uncompensated University public officers, including those designated policy-makers. It is similar in most respects to the standards governing the business and professional activities of public officers under NYS Public Officers Law §§73 and 74. The adoption of the Code does not affect the determination that campus council members and ESF Board of Trustees are not required to file annual disclosure statements with the State Ethics Commission.

### CODE OF ETHICAL CONDUCT

The provisions of this Code shall be in addition to the requirements of section 73(3)(b) of the Public Officers Law applicable to the University Trustees as State policy-makers, and the Code of Ethics contained in section 74 of the Public Officers Law, applicable to all University officers.

(c) Nothing contained in this paragraph shall prohibit internal research or discussion of a matter, provided, however, that the time is not charged to the client and the State University officer does not share in the net revenues generated or produced by the matter.

#### **7. Post-service Appearances Restricted**

No person who has served as a State University officer shall, within a period of two years after the termination of such service, appear or practice before the State University of New York or receive compensation for any services rendered by such former officer on behalf of any person, firm, corporation or association in relation to any case, proceeding or application or other matter before SUNY. ### **8. Firms of State University Officers**

Nothing contained in this Code shall be construed or applied to prohibit any firm, association or corporation, in which any present or former State University officer is a member, associate, retired member, of counsel or shareholder, from appearing, practicing, communicating or otherwise rendering services in relation to any matter before, or transacting business with a State agency otherwise proscribed by this Code with respect to such officer, where such officer does not share in the profits resulting therefrom.

No State University officer shall, directly or indirectly, solicit, accept or receive any honorarium while holding such position.

### **12. Nepotism**

- (iii) whether such grantee or contractor, or any officer, director or employee thereof, cast a vote for or against any elected official, candidate or political party.

(b) No State University officer shall award or decline to award any state grant or contract, or recommend, promise or threaten to do so, in whole or in part, because of a current or prospective grantee's or contractor's refusal to answer any inquiry prohibited by paragraph (a) of this paragraph, or giving or withholding or neglecting to make any contribution of money or service or any other valuable thing for any political purpose.

### **15. Employment and Political Affiliation**

(a) No State University officer shall during the consideration of an employment decision ask any applicant for public employment to disclose:

- (iii) whether the applicant cast a vote for or against any elected official, candidate or political party. The provisions of this paragraph shall not apply where (1) such inquiry is necessary for the proper application of any state law or regulation; or (2) such inquiry is consistent with publicly disclosed policies or practices of any state agency or public authority, whose purpose is to ensure the representation of more than one political party on any multi-member body.

(b) No State University officer shall decline to hire or promote, discharge, discipline, or in any manner change the official rank or compensation of any state official or employee, or applicant for employment, or promise or threaten to do so, based upon a refusal to answer any inquiry prohibited by paragraph (a) of this paragraph, or for giving or withholding or neglecting to make any contribution of money or service or any other valuable thing for any political purpose.
