NOTE: Prior to 2003-04, state-operated required fees were obtained directly from the campuses. Starting in 2003-04, they were obtained from the System Administration Finance Office.

¹ In-district tuition information is relevant only to community colleges and was not collected prior to 2000-01.

² State-operated institutions charge a \$25 college fee. Community colleges do not charge this fee.

³ [(In-district tuition average) + (total fee average)] does not equal the in-district(tuition + fees) average since the technology colleges are included in the average fees figure but not the average in-district tuition figure. See the community college section for combined average.
