UNIQUE PROGRAMS

Center for Distance Learning (online degrees), Master of Arts in Teaching, RN to BS in Nursing

EMPIRE STATE COLLEGE, the SUNY college for adults, offers a wide variety of challenging, high-quality programs and courses that work with your schedule and lifestyle. We serve more than 18,500 students per year throughout the state and around the world. Most students are 25 to 55 years old, with an average age of 35.

The college was founded to expand access to students, primarily adults, who desire an associate, bachelor's or master's degree, but prefer alternatives to the fixed structure of campus-based education due to work, family or other responsibilities.

Students can study through a combination of face-to-face meetings with faculty, online courses and small study groups. Students also may be eligible for credit awarded for college-level learning they have gained through work and life experience.

Faculty mentors guide students through individualized programs on a one-to-one basis, a formula that has helped 57,000 graduates achieve personal and professional success.

If you would like more information on **EMPIRE STATE COLLEGE** and its 35 statewide locations, just log on to www.esc.edu.

ALFRED STATE

Undergraduates 3,300
Student Faculty Ratio 20 to 1

POPULAR MAJORS

Architectural Engineering Technology, Forensic Science Technology, Heavy Equipment Operations

WHAT'S NEW?

BBA programs in Business Administration and Information Security & Assurance, 150-bed townhouse residence halls, Athletic complex

Hit the ground running with the advantages of an **ALFRED STATE** education!

Located in scenic western New York in the village of Alfred, you'll have the benefit of attending school in a small, safe, friendly college-town community where residents go out of their way to make students feel welcome. You'll have the chance to choose from about 70 different majors in agriculture, allied health, applied technology, business, engineering technology, and liberal arts and sciences at the baccalaureate, associate, and certificate levels. You'll study in small classes (average size of 20 students) with faculty members whose main focus is on teaching and who are experts in their particular fields. You'll be working on the latest, most up-to-date equipment to prepare you for what you'll find once you start that first job.

Outside of the classroom, you'll choose from a variety of lifestyle options available in one of our 13 residence halls. You'll meet new friends in the residence halls, by joining one or more of our 50 clubs and organizations, or by competing on one of our 18 intercollegiate sports teams.

Outstanding academic programs, personalized attention, industry-standard equipment, and a well-rounded campus life experience combine to give **ALFRED STATE** students the advantage they need for success!

CANTON

Undergraduates 3,000
Student Faculty Ratio 20 to 1

UNIQUE PROGRAMS

Alternative & Renewable Energy Systems, Emergency & Disaster Management, Criminal Investigation

WHAT'S NEW?

BS in Nursing, a brand new \$45 million athletic facility

SUNY **CANTON** has more than 40 majors which lead to bachelor's and associate degrees or one-year certificates, so there's sure to be an option to fit your needs.

Not sure if a four-year bachelor's degree is for you right now? No problem. You can come for a two-year associate degree, then decide if you'd like to stay for the bachelor's program without losing time or taking unnecessary courses. Our bachelor's degree programs have coinciding associate degrees. You also have the opportunity to combine two one-year certificates for an associate degree.

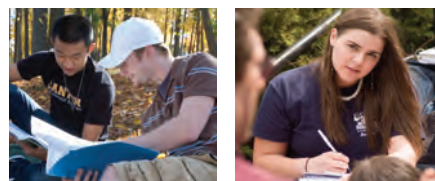

As a student at SUNY **CANTON** you'll receive an education built on hands-on learning in a small friendly atmosphere. Over the next few years you may find yourself assisting a veterinarian with surgery, giving vaccines at a health clinic, or investigating a crime scene. Whatever your chosen major, you'll gain real-world experience to carry with you for the rest of your life.

A footbridge carries students to beautiful downtown Canton. With the Adirondack Mountains, the Thousand Islands, and rivers and lakes in all directions, you'll have plenty of opportunities to shop, dine out and sightsee in places like the Canadian capital city of Ottawa (75 minutes) and the hip metropolis of Montreal (2 hours).

COBLESKILL

Undergraduates 2,500
Student Faculty Ratio 24 to 1

UNIQUE PROGRAMS

Early Assurance Physician Program, John Deere Agricultural Technology Program

WHAT'S NEW?

Communications in Technology (BS), Turfgrass Management (BT) Medical Laboratory Technology: Histotechnology (AAS), NCAA Division III athletic program

SUNY **COBLESKILL** is a comprehensive residential technical college, offering small classes and personal attention.

The School of Agriculture offers a variety of programs from agricultural business to the animal and plant sciences. A 650-acre complex provides an outdoor living and learning laboratory.

In the School of Business, students use cutting edge technology consistent with the industry. The Culinary Arts Program offers applied learning and is accredited by the Accrediting Commission of the American Culinary Federation.

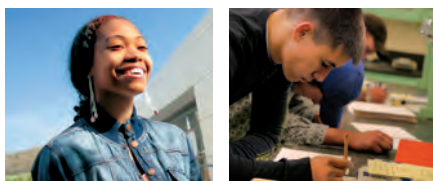

The School of Liberal Arts and Sciences prepares students for transfer into over 50 professional majors in the arts, education, mathematics, social sciences and sciences. The Early Childhood Program offers degrees in early childhood, child and family services, and child care and development. An Exploratory Studies Program is offered for undecided students and there is an Honors Program for accelerated learners.

On-the-job internships are required in some majors and result in job offers 97% of the time. Research opportunities and field experiences are also available.

Just 35 miles west of Albany, students have easy access to educational, cultural and recreational resources. We offer dozens of clubs and organizations and a large intercollegiate athletic program.

DELHI

Undergraduates 2,900
Student Faculty Ratio 19 to 1

POPULAR MAJORS

Veterinary Technology, Architectural Technology, Culinary Arts, Hotel & Resort Management, Nursing, Carpentry, Electrical Construction & Instrumentation

UNIQUE PROGRAMS

Adventure Recreation, Professional Golf Management

SUNY **DELHI** has focused on academic excellence, hands-on experience, and personal attention for over 90 years.

Located at the foot of the Catskill Mountains, **DELHI** is a residential college with a student-centered atmosphere. The College attracts more than 2,900 students from all counties of New York State, as well as students from 20 other states and 10 foreign countries.

Hands-on training is the cornerstone of **DELHI**'s academic programs. The College offers over 60 academic programs leading to a certificate, associate degree, Bachelor of Business Administration in Hospitality Management, Golf Course Management, and Veterinary Technology, Bachelor of Technology in Architectural Technology and Information Technology, and a Bachelor of Science in Nursing. **DELHI**'s programs feature on-the-job training, and over 95 percent of **DELHI** students find jobs or continue their education within one year of graduation.

In addition, SUNY **DELHI** keeps students active by offering over 40 clubs, Greek life opportunities, intramural sports and NJCAA Division III athletics. The College annually hosts the NJCAA Men's Basketball Championship. SUNY **DELHI** owns a 18-hole golf course, which serves as a laboratory for golf and turf majors, as well as a recreational facility for students and the public.

FARMINGDALE STATE

Undergraduates 6,850
Student Faculty Ratio 20 to 1

WHAT'S NEW?

Software Technology, Applied Psychology, Bioscience, Minor in Sports Management, New Outdoor Track, Baseball Stadium, Residence Hall with suite-style living, Winner of Best on LI Award, Construction of \$25M Student Center begins soon

What can four years do for you? **FARMINGDALE STATE COLLEGE** is being transformed into a campus that prepares students with the education, skills, and critical thinking to meet the challenges of tomorrow. As the largest of SUNY's colleges of technology, **FARMINGDALE** equips its students with the resources and knowledge sought by today's emerging industries. This is just one reason that 7 of our academic programs have a 100 percent placement rate.

At **FARMINGDALE**, students have abundant opportunities in experiential learning, internships, clinical training, and guided research, that provide practical instruction and personal growth. Our Solar Energy Center and Institute for Research and Technology Transfer are engaged in pioneering research to develop alternative energy.

Small, personalized classes, a new residence hall with suite-style living, a lush 380-acre campus undergoing major renovations, and a highly successful NCAA Division III athletics program with modern facilities get **FARMINGDALE STATE COLLEGE** students ready for a whole new world—the real world.

Unique offerings include the only Aviation program in a public college in New York State and the only Dental Hygiene program on Long Island. Our School of Business is one of the fastest-growing in SUNY. Find out what four years can do for you!

MARITIME

Undergraduates 1,300
Student Faculty Ratio 17 to 1

POPULAR MAJORS

Business, Engineering, Marine Environmental Science

UNIQUE PROGRAMS

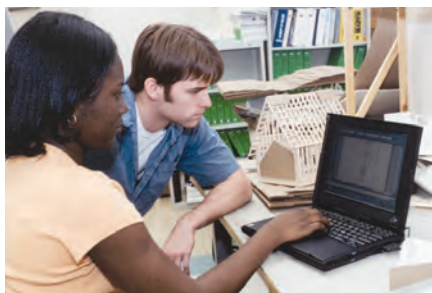

United States Coast Guard License, one of only six schools in the country to offer Naval Architecture, summer sea term to the Caribbean and Europe

Chartered in 1874, **SUNY MARITIME COLLEGE** has attracted broad recognition as a national leader in higher education. *U.S. News and World Report* ranked its engineering programs among the best in the nation, and *Great Colleges for the Real World* awarded **MARITIME COLLEGE** its exclusive five-star rating. The College's Marine Engineering and Naval Architecture programs are ABET accredited, and **MARITIME** has received U.S. Navy qualification to educate enlisted nuclear engineers. Graduating classes enjoy a 100 percent career placement rate, as well as the nation's highest average starting salaries.

The oldest and largest Maritime school in the country, **MARITIME COLLEGE** is a four-year college located in Throggs Neck, NY. **MARITIME** offers undergraduate degree programs in Engineering, Marine Transportation, Maritime Studies, Marine Environmental Science, International Transportation and Trade, and a Master's Degree in International Transportation Management. **MARITIME** students may pursue a Coast Guard Deck or Engine License. These students participate in **MARITIME**'s structured Regiment of Cadets, as well as three Summer Sea Terms aboard the Empire State VI, the largest training ship in the country. There is no military obligation for **MARITIME** graduates unless they choose to participate in one of four ROTC programs.

MORRISVILLE STATE

Undergraduates 3,356
Student Faculty Ratio 19 to 1

POPULAR MAJORS

Auto & Diesel Technology, Equine Science, Software Development, Nursing, Business, Journalism, Liberal Arts, Architecture

WHAT'S NEW?

Athletic stadium, two apartment-style dorms and two eateries. Cell phones to all on-campus students!

MORRISVILLE STATE COLLEGE, situated on 150 acres in beautiful Central New York, is nationally recognized as a leader for its groundbreaking technology initiatives and applied research in renewable energies. The college offers more than 75 bachelor's and associate degree programs in diverse and specialized areas including agriculture, information technology, business, health, hospitality, liberal arts and sciences, and automotive and engineering technologies.

The college's 3,350 students come from every county in New York State, 22 different states, and 10 foreign countries.

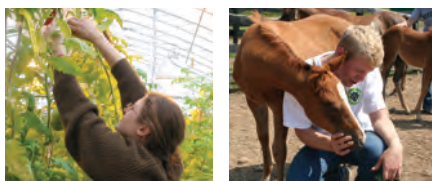

Students learn in real-world labs on campus, including an automotive technology center, working equine, dairy and aquaculture centers, floral shop, restaurant, and entrepreneurship institute. Many degree programs offer off-campus internships, where students gain experience and make valuable industry contacts, many of which lead to job offers.

Diverse and exciting student activities, a food-court style eatery and new apartment-style residence halls make **MORRISVILLE** a great place to learn and live.

MORRISVILLE STATE COLLEGE's recently upgraded wireless technology gives it the fastest wireless network available today. Across the campus, from classrooms to athletic fields, students can unplug and connect quickly!

Business, Criminal Justice, Electrical Engineering, Psychology, Accelerated BS/MS: Computer Science, Nursing, Telecommunications

WHAT'S NEW?

Applied Computing major, \$13 million student center, \$20 million field house underway

The **STATE UNIVERSITY OF NEW YORK INSTITUTE OF TECHNOLOGY (SUNYIT)** offers undergraduate and graduate programs in technology, professional studies, and the liberal arts on the newest campus in the SUNY system, a high-tech learning environment located on hundreds of acres near Utica, NY. **SUNYIT**'s 2,900 students come from all over New York, many other states, and more than 20 other nations, their learning experience benefits from personal faculty attention. Four buildings are planned: a student center; field house; residence hall; and center for advanced technology.

Apart from their excellent academic experience, **SUNYIT** students enjoy campus life in highly rated residence halls. The campus's two residential complexes offer the privacy and convenience of apartments, with students sharing suites in townhouse-style buildings. Students themselves have rated their residential experience highly in SUNY student opinion surveys. **SUNYIT**'s NCAA Division III athletics and intramurals are complemented by entertainment, activities and community-building experiences that support and sustain a unique campus culture.

Through internships and close cooperation with employers, **SUNYIT** has extraordinarily high placement rates. More than 22,000 alumni pursue successful careers in a variety of fields.
