   d. assistance to campuses with goal assignment on campus contracts
      i. goals setting training, goal preparation tools;
      ii. review and approve goals and utilization plans which fall below established University-wide goals threshold as published in the annual Goals Bulletin;

The campus President or designee is responsible for notifying the University-wide MWBE Program Office
III. MWBE REQUIREMENTS - DEMONSTRATING A GOOD FAITH EFFORTS

NYS Executive Law Article 15-A and University policy require campuses, as well as the vendors and contractors with whom they do business, to make a good faith effort to procure materials, supplies, equipment and services (including printing) from NYS certified MWBEs and to meet University-established goals for MWBE participation in a State contract.

The University is required to submit an annual plan establishing MWBE goals to the Empire State Development Corporation (ESDC). The University's agency specific goals are published annually on April 1st at the start of the State fiscal year in a MWBE Guidance Bulletin, Volume 5 (2014) MWBE-EOO Goals. Contract specific goals may also be assigned through the MWBE Goal Setting process (See Goal Setting Primer).

The MWBE Guidance Bulletin, Volume 4 (2014) entitled: “Business Rules to Implement a Successful MWBE Program” (hereinafter referred to as “Business Rules”) are instructions that a campus shall use to ensure that “Good Faith Efforts” are met and documented at a system-wide level to standardized the process as required by (5 NYCRR §141.6(b)).

The University is required to document a good faith effort in procurements by employing the actions outlined in sections below.

IV. PRE-SOLICITATION PHASE

The primary activity in the pre-solicitation phase is to assign goals that consider certified MWBE firms identified as either a prime or subcontractor on contracts the campuses intend to let.

MWBE goals are defined as the percentage of aggregate agency expenditures targeted for the participation of certified minority- and/or women-owned business enterprises sought to be included in State procurement opportunities as prime contractors, subcontractors, suppliers, consultants, joint ventures, teaming agreements, or other similar arrangements. Goals may be expressed as annual Statewide (also referred to as “Section 313 goals”), agency-specific or contract goals.

1. Goal-Setting Methodology

The MWBE Goal Setting Primer is provided to assist campus MWBE Program Coordinators in the day-to-day administration of SUNY's contract-specific goal setting process.

When calculating contract-specific goals the MWBE Program Coordinator or designee will:

a. Determine whether goals are feasible in the participation of certified MWBEs in the procurement opportunity.
b. Conduct a vendor and spend analysis to determine whether there are NYS certified MWBEs that are available to participate in the procurement.
c. Determine whether, based upon the commodity codes relevant to the procurement, there are NYS certified MWBEs, both inside and outside of the campuses' region, that have indicated their availability:
   i. in the ESD MWBE certification database; or
   ii. in response to a campus' inquiry.
d. Prepare a list of potential MWBE's that have indicated in the ESDC MWBE certification database an interest in the procurement.
e. Determine if components of the project can be separately procured or the project can be progressed using a phased contract approach in order to increase participation without compromising project...
delivery. This approach is referred to as unbundling.

f. Determine whether the campus can utilize SFL §163.6 to make discretionary purchases to increase the probability of soliciting quotes from NYS certified MWBEs on that procurement.

g. Insert the MWBE completed Goal Setting form (7557-115) to the procurement record and upload information into the electronic contract record in SUNY MWBE Portal once contract is awarded.

h. Prior to advertising in the NYS Contract Reporter, the MWBE Program Coordinator will provide the goals contained in the Goal Setting form (7557-115) to the contract administrator for insertion into the NYS Contract Reporter, Exhibit A-1 and other solicitation documentation.

2. Factors to Consider when Establishing Contract Goals

a. MWBE Program Coordinator shall establish goals for participation of certified MWBEs on all State contracts, where applicable. University campuses must notify Contractors in bid documents, requests for proposals, contract announcements or advertisements or otherwise in writing of the goals established on State contracts. University campuses shall provide an electronic link to the NYS or official current list of certified minority- and women-owned business enterprises to each prospective contractor. In determining what goals are appropriate in relation to a particular State contract, the MWBE Program Coordinator must give consideration to the following factors:

   i. the contract and subcontract scope of work;
   ii. the number and type of certified MWBEs available in the State or official directory to perform the State contract work, and their availability in the region of contract performance;
   iii. the total dollar value of the work required by the State contracts, in relation to the dollar value of subcontracts of the contract scope of work;
   iv. the relationship of the size and term of a State contract to the size and term of a project for which purpose the State contract is awarded;
   v. the percentage of certified MWBEs located outside the region, and their availability in the region of contract performance;
   vi. the potential subcontract opportunities available in a contract and the availability of certified MWBEs to respond to the potential subcontract opportunities;

b. For construction, construction-related services and equipment from capital funds, campuses should prepare a separate Goal Setting form (7557-115) for each of the following:

   i. construction-related consultant services - including design, construction management, and commissioning;
   ii. construction - including all construction, testing, special inspections and balancing services;
   iii. equipment - including standard equipment and furniture. Specialized equipment for research/diagnostic testing, proprietary or equipment sourced by sole or single source procurement method which may have fewer MWBE opportunities, should be identified and the value of the identified items reduced from the committed dollar amount upon which MWBE goals are applied.

c. A copy of the completed Goal Setting form (7557-115) must be submitted to the University-wide MWBE Program Office when the goals that are set are below the established agency goal threshold in the annual MWBE Guidance Bulletin;

d. Documentation to accompany the formal e-mail request is: (1) A copy of a completed Goal Setting form (7557-115); and (2) documentation of good faith efforts undertaken at the campus level to ascertain MWBE availability;

e. In consultation with the campus, the University-wide MWBE Program Office will determine whether additional action needs to be taken to meet established goals or whether a formal request will be made to assign lower goals.

f. If a State contract is entered into on an emergency basis or where an amendment or change order has been added to a State contract providing for a total expenditure in excess of $25,000, University campuses may require the contractor to submit a utilization plan and to comply with other post award requirements during the life of the contract.

3. Diversity Practices
The University shall determine whether it is practical, feasible and appropriate to include in the evaluation of bids or proposals the diversity practices of all contractors making submission for the award of any State contract that is:

- Awarded on the basis of best value, or otherwise awarded as a response to a request for a proposal and/or a request for qualification; and
- Anticipated to result in an award of two hundred fifty thousand dollars ($250,000) or greater; and
- Not a contract based on lowest price.

The MWBE Program Coordinator will score the Diversity Practice Questionnaire, which can be found in the Request for Proposal boilerplate, using the Diversity Practices Scoring Rubric (Form 7557-125). This final score will be calculated on the NYS Diversity Practices Scoring Matrix (Form 7557-126). Diversity Practices will be a weighted score up to 10% of the technical.

V. SOLICITATION PHASE

1. The campus will incorporate the goals agreed upon in the completed Goal Setting form (7557-115) into the Exhibit A-1 and incorporate the said Exhibit A-1 into the solicitation along with any other information that the MWBE Program Coordinator deems relevant.

2. In addition to identifying a designated contact for procurement related activities, the campus will identify a designated contact for MWBE-related inquiries. The statement below should be inserted in all procurement solicitations:

   a. “For inquiries related specifically to Minority Women-Owned Business Enterprises (MWBE) provisions of this procurement solicitation, the designated contact is: list name, title, address, telephone number and email address.”
   b. The MWBE contact will respond to questions and requests for clarification received by telephone or visitation by bidders or their representatives.
   c. All submission should cite the specific MWBE section in the solicitation prompting the inquiry.

3. Pre-proposal/Pre-bid Conference or walk through: If the campus holds a Pre-proposal/Pre-bid conference as specified in the solicitation, an opportunity to clarify MWBE related questions and for MWBE firms to meet other prospective bidder's firms must be facilitated.

4. The campus contract administrator shall include as a topic of discussion (in any pre-bid, walk through and/or pre-proposal meetings) MWBE goals and participation requirement.

   a. The MWBE Pre-Proposal/Pre-Bid Information Script can be downloaded from the SUNY Means Business Website.

5. The MWBE Program coordinator will discuss with prospective bidders SUNY's MWBE policy and requirements necessary to submit an acceptable utilization plan and good faith efforts documentation.

6. The campus contract administrator will issue a public notice of the procurement opportunity through advertisements and outreach as follows:

   a. Procurements above $50,000 require that an advertisement be placed in the New York State Contract Reporter.
   b. A notice of solicitation (i.e., by phone, letter or email) should be sent to:
      i. The NYS certified MWBE vendors, as developed through the goal setting process. Note: A disclaimer may be included to state that the MWBE vendor list is not prequalified by the campus.
      1. The full directory of NYS certified MWBE vendors is produced by New York State Department of Economic Development (DED) and is available on-line at http://www.nylovesmwbe.ny.gov/.
      ii. Appropriately located (regional) MWBE business associations:
         1. Entrepreneurial Assistance Centers

   5. Where appropriate, (i.e. minority commerce weekly) pursuant to 5 NYCRR §142.8(a) (3) record of negotiations with MWBE firms from whom quotes for purchases under the discretionary threshold were received.

X. DISCRETIONARY BUYING AUTHORITY

1. NYS Finance Law 163.6 (b) - Discretionary Buying Threshold for the MWBE Program

As stated in Item 7553 (Purchasing and Contracting), and consistent with NYS State Finance Law Section 163.6, where commodities or services are available from New York State certified MWBEs, purchases may be made by the University in amounts not exceeding $200,000 without competitive bidding.

a. The discretionary threshold of up to $200,000 for procurements from small, minority- and women-owned business does **NOT** apply to construction & construction-related consultant services.

b. The campuses are required to document in the procurement record support for both the reasonableness of the price and the selection of the vendor.

c. Advertising requirements under NYS Economic Development Law still apply. The appropriate language when advertising in the NYS Contract Report is provided below:

   “SUNY intends to procure (insert project description, i.e. 1,000 widgets) pursuant to its discretionary purchasing authority under State Finance Law section 163(6). This procurement opportunity is limited to New York State businesses certified pursuant to Article 15-A of the New York State Executive Law.”

**Please note:** NYS Finance Law 163 6-b stipulates that the reasonably expected aggregate amount of all purchases of the same commodities or services from the same provider within the twelve-month period commencing on the date of the first purchase cannot be an amount greater than the discretionary buying threshold amount for that agency. Additionally, purchases of services or commodities shall not be artificially divided for the purpose of satisfying the discretionary buying thresholds. Finally, unbundling (5 NYCRR Part 141.5(c) (2)) is recognized as a best practice when utilizing this provision of the SFL.

2. Elements of Good Faith Effort for Discretionary Procurements (not exceeding $200,000):

   *(See SUNY Policy Item 7553 [Purchasing and Contracting] for an explanation of discretionary procurements under $50,000 and between $50,000.01 and $200,000)*

   a. Justification for the selection of vendor may be supported by:

      i. demonstrating reasonableness of price
      ii. showing enhanced or additional value provided by the vendor
      iii. noting the vendor is a NYS small business(if applicable)
      iv. identifying the vendor is an MBE or WBE (this cannot be the sole justification)
When an MWBE submits a quote for a commodity or service for a discretionary procurement (not exceeding $200,000) and the quote is deemed high, the campus is encouraged to engage in direct negotiation with the MWBE firm in an attempt to reach reasonableness of price. This good faith effort is not applicable for a formal competitive procurement (i.e., sealed bid) as defined in SUNY Procedure Item 7553.

b. Reasonableness of Price (methods of establishing) - including, but not limited to:
   1. comparing the quoted price with the price for the same or similar services within the last six months;
   2. comparing the price with other quoted prices;
   3. comparing the quoted price with prices in various procurement publications;
   4. reviewing the type of work that was previously accepted by the campus at a similar price; and
   5. comparing the quoted price with cost to other governmental entities.

c. Follow-up telephone calls to MWBE vendors are encouraged (e.g., to determine if the vendor plans on submitting a quote or to engage in negotiations).

Minority-owned business enterprise - A business enterprise, including a sole proprietorship, partnership or corporation which has been certified as minority-owned by the Empire State Development's Division of Minority and Women-Owned Business Development.
**Quote** - non-binding statement of price, terms of sale, and description of goods or services offered by a vendor as a basis for negotiations for entering into a contract.

**State Contract** - (a) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000.00), whereby the State University of New York ("University") is committed to expend or does expend funds in return for labor, services including but not limited to legal, financial and other professional services, supplies, equipment, materials or an combination of the foregoing, to be performed for, or rendered or furnished to the University; (b) a written agreement in excess of one hundred thousand dollars ($100,000.00) whereby the University is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; and (c) a written agreement in excess of one hundred thousand dollars ($100,000.00) whereby the University as an owner of a state assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project.

**Subcontract** - Any agreement for a total expenditure in excess of $25,000 providing for services, including non-staffing expenditures, supplies or materials of any kind between a State agency and a prime contractor, in which a portion of the prime contractor's obligation under the State contract is undertaken or assumed by a business enterprise not controlled by the prime contractor.

**Teaming Agreement** - A utilization plan arrangement between two or more parties, one of which is a certified minority- or women-owned business enterprise, to perform on a specific State contract if awarded to the team. The team itself may be a joint venture, or one of the team members may be designated to act as the prime contractor, and the other member(s) designated to act as subcontractors.

**Unbundling** - a process whereby the procurement contract is divided into smaller parts to provide NYS certified MWBEs better access to SUNY's procurement opportunities. Unbundling can be divided into two types, horizontal and vertical. The horizontal unbundling divides the procurement contract into multiple lots. Vertical unbundling divides each lot into different phases of the procurement process. This offers opportunities for campuses to prepare a bid on one or a larger set of lots, where each of the phases offers new opportunity for MWBE participation. Procurement staff may reduce barriers to bid packages by employing the strategy of "unbundling" projects.

**Utilization plan** - The plan which must be submitted by a contractor to a State agency listing certified minority- and/or women-owned business enterprises that the contractor intends to use in the performance of a proposed State contract, or any components of the contract scope of work which the contractor intends certified minority- and/or women-owned business enterprises to perform. The plan shall specifically contain a list, including the name, address and telephone number of each certified enterprise with which the contractor intends to subcontract, or otherwise submit in connection with satisfaction of the contract goals.

**Women-owned business enterprise** - a business enterprise, including a sole proprietorship, partnership or corporation that has been certified as women-owned by the Empire State Development's Division of Minority and Women-Owned Business Development.
