Background

The New York Charter Schools Act of 1998 (as amended) permits the Board of Trustees to renew and revise the charters of education corporations it has authorized, and to renew such corporations’ authority to operate charter schools. Pursuant to Resolution No. 2012-038 dated June 12, 2012, the Board of Trustees delegated authority to renew and revise charters to the Charter Schools Committee.

Pursuant to the Policies for the Renewal of Not-for-Profit Charter School Education Corporations and Charter Schools Authorized by the Board of Trustees of the State University of New York (the “SUNY Renewal Policies”) (last amended September 4, 2013 and available at: http://www.newyorkcharters.org/category/operational-resources/renewal/), the SUNY Charter Schools Institute (the “Institute”) typically conducts a renewal site visit; reviews the information in the renewal application as well as other relevant information, such as assessment data and site visit reports; interviews education corporation trustees and staff; and produces a draft renewal report containing its findings and preliminary recommendation. The draft renewal report also contains an evaluation of the performance of an education corporation’s school over the charter term based on the criteria provided in the renewal benchmarks described in the SUNY Renewal Policies. The education corporation receives a copy of the draft renewal report and is given an opportunity to comment on it before it is finalized. The Institute makes final renewal reports available in its Albany office and at: http://www.suny.edu/about/leadership/board-of-trustees/meetings/meetingNotices.cfm. Copies of applications for charter renewal are on file in the Albany office of the Institute.

As set forth in the Institute’s Renewal Report for East Harlem Scholars Academy Charter School (the “School”), which was distributed to the Board of Trustees, the Institute, pursuant to the SUNY Renewal Policies, conducted a renewal review of the School, which is operated by East Harlem Scholars Academy Charter School (the “Education Corporation”). As a result of this review and a review of the other school the Education Corporation is permitted to
operate, the Institute recommends that the Education Corporation’s applications for charter renewal and to extend its authority to operate the School be granted for a term of approximately three years without conditions. If this resolution is approved, the Education Corporation’s charter and authority to operate the School will be renewed through July 31, 2023.

For the school and education corporation listed above, the Institute properly notified the school district in which the education corporation and the school are located regarding the receipt of an application for charter renewal and for renewal of authority to operate the school. As of June 1, 2020 no comments were received.
