COLLABORATE. EDUCATE. INNOVATE.
Where the Action Is

Faculty and Students
Faculty Participation and Outreach

In Year 1, faculty “voted with their feet” by attending workshops and submitting proposals for collaborative seed funding

• 345 participants in 6 workshops
Faculty Participation and Outreach

- 184 LOIs submitted
- 119 proposals submitted requesting $14.7 million
- 51 awarded totaling $3.3 million
- 144 PIs at 16 campuses represented
- 9 outside partners
Initial returns from Year 1:

- 2 Energy Frontier Research Centers (EFRC) demonstrate what is possible
- More than 15 proposals for outside funding submitted to date, more than 10 proposals in the works
- Faculty attitudes toward collaboration are changing
- Barriers being reduced
DOE Awards $10M for Center for Mesoscale Transport Properties to Fuel Clean Energy
DOE Awards $12.8M for NorthEast Center for Chemical Energy Storage for Renewable Technologies
Year 2: 6 Networks
Another $4 Million
ARTS & HUMANITIES

- Bridging the Gap Between Research in the Arts & Sciences
- 13 Campuses
- Initial Charrette was held October 31-November 1
• Announced Aug. 8, 2014; Kick-off meeting held Oct. 20, 2014
• Goals:
  — Process and apply SUNY’s systemness to the scholarship of teaching, learning, and assessment.
  — Collaborate with K-12, post-secondary, private-sector and community experts in cognitive learning and knowledge assessment.
  — Fund research on education access, completion, and digital and non-traditional learning.
Future Plans

- Expand student involvement and collaboration
- Grow public-private partnerships
- Expand inclusion of faculty across all sectors
- Enhanced communication
Long-term Plan

- Self-sustaining
- Connecting research strengths with opportunities
How can faculty get involved?

• Attend a workshop
  — *Brain: 12/5-6 in Buffalo* —  *M&AM: 12/5 in Boston*

• Join the collaboration platform

• Join mailing list for collaborative funding opportunities

• Watch for RFPs for funding
