Resolved that the Institute be, and hereby is, directed to: 1) enter into a proposed charter with the Applicant, which shall include such assurances and terms as the Institute shall deem necessary and appropriate; and, 2) thereafter submit such proposed charter to the New York State Board of Regents for issuance in accordance with the Act.

Background

Pursuant to Resolution No. 2012-038, dated June 12, 2012, the Board of Trustees delegated to the Charter Schools Committee the authority to approve applications to establish new charter school education corporations, and applications by existing education corporations for authority to operate additional schools.

The New York Charter Schools Act of 1998 (the "Act") permits new charters to be issued through requests for proposals ("RFPs") by the Board of Trustees and the Board of Regents. Pursuant to the Act, for proposals outside New York City, 88 new charters were available prior to the date of approval of this resolution.

The SUNY Charter Schools Institute (the "Institute") released and broadly distributed a draft RFP for public comment on January 30, 2025. The Institute released the RFP on March 10, 2025. The Institute received the proposal to be approved by this resolution by the due date in the RFP. Prior to recommending the proposed charter school for approval, the Institute, acting on behalf of the Board of Trustees, conducted a rigorous review of the proposal and published its findings and recommendations in a Summary of Findings and Recommendations (copy on file in the Office of the Secretary of the University and in the Albany office of the Institute, and available at:

<https://www.suny.edu/about/leadership/board-of-trustees/meetings/meetingNotices.cfm>), which was made available to the Board of Trustees.

For the proposal listed above, the Institute, pursuant to Education Law § 2857(1), notified the school district in which the charter school proposes to be located as well as public and non-public schools in the same geographic area of the school regarding the receipt of the application for a new school (copy on file in the Albany Office of the Institute). The Board of Trustees received a letter from the Board of Education of the Brentwood Union Free School District, dated June 17, 2025, in opposition to the application. A summary and copy of the letter may be found in the Summary of Findings and Recommendations described above.
