Please join us at an Industry Roundtable on July 27, August 10, or September 21 focused on employer opportunities with the Apprenticeship Programs at SUNY. The discussion will include an in-depth overview of the SUNY Apprenticeship Program (SAP) which is state funded and focuses on Advanced Manufacturing, IT, Healthcare, and Other non-construction opportunities, and the NY College Apprenticeship Network (NYCAN) supported by the US Department of Labor which concentrates solely on Advanced Manufacturing.

Opportunities for how employers can become involved will be discussed and ample time allotted for discussion and Q&A.

The NY College Apprenticeship Network is paid for by a \$7.9 million grant from the U.S. Department of Labor, Employment and Training Administration, administered by the Research Foundation for the State University of NY.
