This survey is intended to gather information about sexual and interpersonal violence and knowledge of related policies and resources on your campus. The questionnaire takes about 15 minutes to complete, and your participation is voluntary. Your responses will be helpful to our campus, as we are committed to ensuring a safe, healthy and nondiscriminatory environment for our students.

Your responses will be confidential. Your responses will be reported in terms of groups of students rather than as individuals. Some of the questions will ask about sexual and personal information. Some individuals might experience emotional discomfort while answering some of the questions.

You may choose not to answer particular questions or stop taking the survey at any time. If you would like to continue, clicking on the link in the email you received will take you back to the survey.

CAMPUS INFORMATION

9. My campus has policies and procedures specifically addressing sexual assault.

- Yes
- No
- Not sure

10. Have you received written (e.g., brochures, emails) and/or verbal information (e.g., presentations, training) from anyone at your campus about the following? (Check all that apply)

- The definition of sexual assault
- How to report sexual assault
- Where to go to get help if you or someone you know is sexually assaulted
- To whom you can speak confidentially about a sexual assault
- Policies prohibiting sexual assault
- To my knowledge, I have not received information regarding any of the above.

11. Which of the following incidents do you know how to report to the college? (Check all that apply)

- Sexual Assault
- Sexual Harassment
- Domestic Violence
- Dating Violence
- Stalking
- I do not know how to report any of the above.
SUNY’s definition of affirmative consent includes the following:

“Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.”

- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time.
- Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm
- When consent is withdrawn or can no longer be given, sexual activity must stop.

Difference between college disciplinary process and criminal justice system:

There are significant differences between the college disciplinary process and the criminal justice system because they have different, important goals. In the criminal justice system, prosecutors pursue cases when they believe there is sufficient evidence to prove, beyond a reasonable doubt, that an individual has committed a criminal act. A person who is convicted of a crime will face criminal penalties, such as incarceration, probation, or the imposition of a fine. The college disciplinary process seeks to determine whether an individual has violated college policy. In this process, a preponderance of the evidence standard of proof is used to determine responsibility. A person who is found to have violated college policy may be suspended, expelled or otherwise restricted from full participation in the college community. The definition of consent described above (Affirmative Consent) is different from the Penal Law definition.

12. Were you aware of this definition before this survey?
   - Yes
   - No
   - Not sure

13. Can someone who is incapacitated provide consent?
   - Yes
   - No
   - Not sure

14. Were you aware of this definition before this survey?
   - Yes
   - No
   - Not sure

SUNY has a policy for alcohol and/or drug use amnesty in reporting sexual violence cases.

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. [College/University] recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. [College/University] strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to [College/University] officials or law enforcement will not be subject to [College/University’s] code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.
