Career Development for School District Administrators

Issued by [Binghamton University](#).

This series of workshops will provide aspiring, early, and mid-career school and school district administrators with specific strategies to enhance their career development skills. This series of 5 workshops will include sessions on: Navigating Job Shifts in Administration; The Search Process; Time Management for Administrators; Scanning, Entry Planning and Interviewing Skills; Salary Negotiation

Skills

Career Management

Leadership

Oral/Written Communications

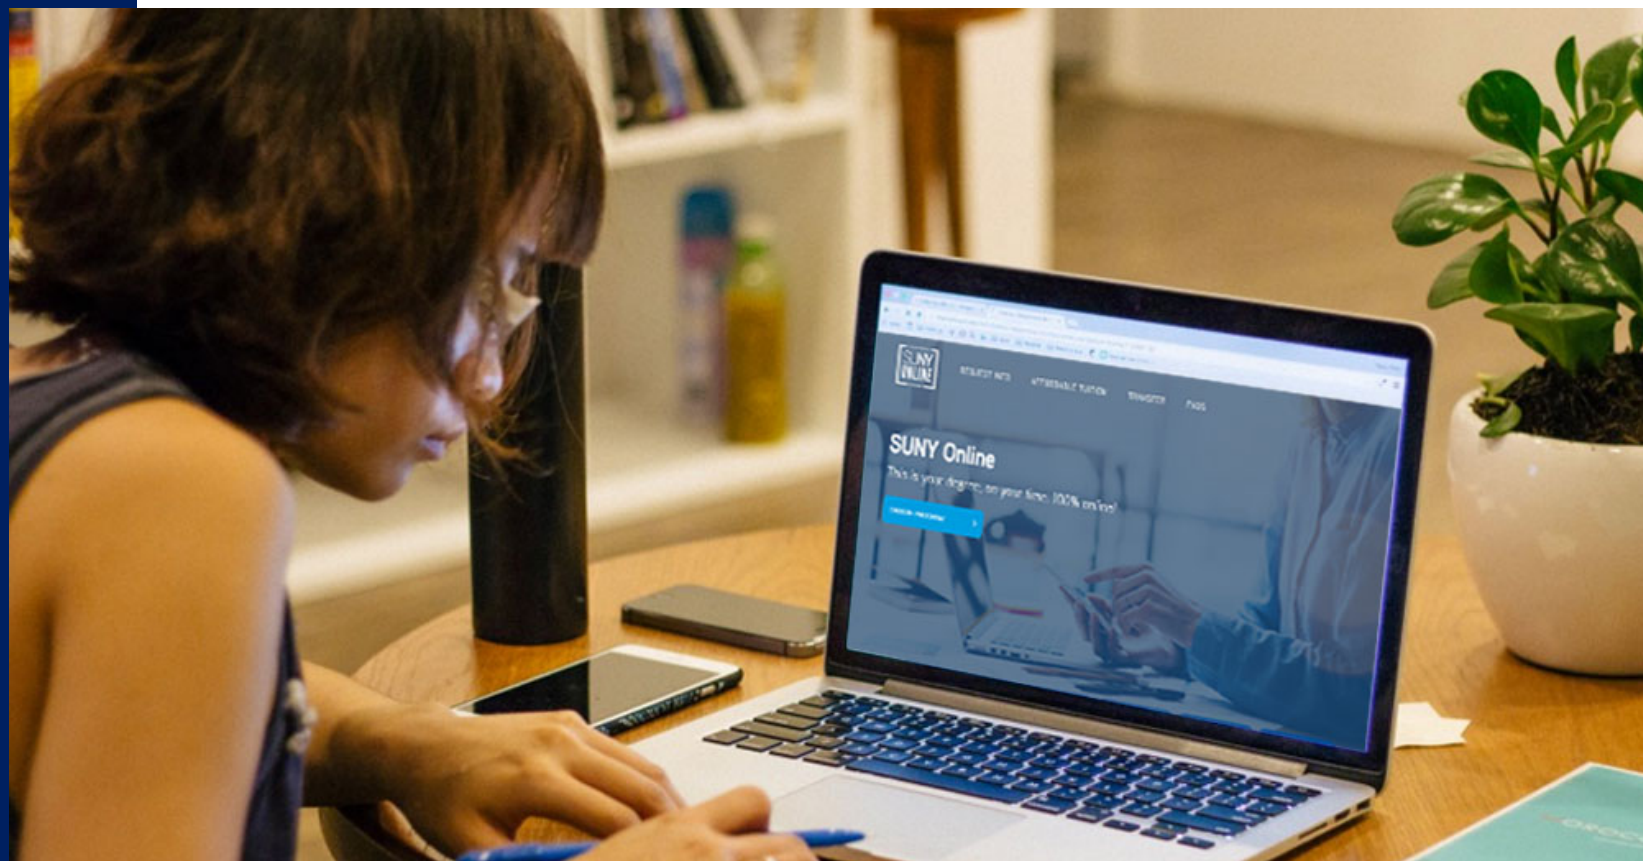

Professionalism/Work Ethic

Earning Criteria

Each participant will research and find a desirable position as an educational leader using OLAS, the common search engine in NYS for finding positions in both teaching and school administration. They will then complete, and submit, a scan of the position (and its school and/or school district), utilize the scan to produce an entry plan if they were the successful candidate for the position, and a strategic plan for salary and benefit negotiation for the position.
