**The Exam**

Exam codes that begin with a 5 are computer-delivered. All tests are delivered by computer. There is also an option for at home testing on a home computer or other secure location. All exams must be taken by the application deadline. To register, visit www.ets.org/praxis.

We advise all applicants to review "The Praxis® Tests Information Bulletin" for general information about the exams, registration and taking the exam.

If the applicant has previously taken an exam accepted for application to the NYS Master Counselor application, they may provide the original score report or request an official report to be sent to the NYS Master Teacher Program using the state/agency code **7780**.

**Registration Options and Accommodations**

Please review the complete set of accommodations available on the ETS.org/Praxis website. Testing on a Monday can be arranged for those applicants whose religious convictions or active duty in the U.S. Armed Forces prevent them from testing on Saturday. Extended testing time is also available for test takers whose primary language is not English (PLNE). Additional accommodations are detailed for test takers with disabilities or health-related needs.

**Picking a Date**

Applicants are encouraged to familiarize themselves with the test dates for the Praxis® Subject Assessments (formerly the Praxis II® Content Knowledge tests) they intend to take. All applicants must take the Praxis® Subject Assessments (formerly the Praxis II® Content Knowledge tests) before or by the application deadline.

We strongly encourage all applicants to schedule their exam well in advance of the application deadline should there be a need to reschedule. The deadline to take a Praxis II exam accepted for application is the deadline to submit an application.
