Girls’ Rock STEM Day is a free program for middle school girls sponsored by NYS Master Teachers, Mid-Hudson Region.

Girls in 6th-8th grade will participate in STEM-related activities run by educators, NYS Master Teachers, and scientists. Girls will be treated to a keynote address by Hannah Davis from WVCSD, Warwick, NY (http://bit.ly/2EjiXQK). In addition to workshops and demonstrations, the girls will receive a t-shirt, and lunch will be available.
