From printmaking, sculpture, and ceramics to drawing, painting and new media art, the visual arts include traditional fine arts, as well as emerging art technologies. Art majors at SUNY are as diverse as our campuses! Students learn to express ideas and concepts via formal elements of art, while gaining an understanding of art’s larger social and disciplinary contexts.

### MUSIC

Aspiring performers, scholars of music, and music technology enthusiasts will find stimulating environments in which to develop their talents. SUNY’s incredible mix of fine and applied music programs will prepare you for work in a variety of careers in the music and entertainment industries. You’ll find workshop spaces, conservatories, and state-of-the-art studios that rival the best in the nation. Numerous performance opportunities via ensembles, bands, orchestras, choral groups, and recitals enable students to merge theory and practice.

For more information about these academic programs, contact SUNY campuses on the web at www.suny.edu/contactcampuses.
PORTFOLIO GUIDELINES

How do I find an arts program at SUNY? Whether you want to study theatre, dance, music, or art, there is a SUNY campus that offers your major. Conducting an academic search on the SUNY website (www.suny.edu/majors) is an easy way to identify applied, fine, and performing arts programs, the degree types offered, and campus locations. Some programs are specialized and offer professional training. Others may be a more generalized study of a discipline.

What’s the difference between a BA or BS, and a BFA or a MusB/BM? A Bachelor of Arts (BA) or a Bachelor of Science (BS) is a liberal arts degree. A Bachelor of Fine Arts (BFA) or Bachelor of Music (MusB) is more intense and focused on professional training in the arts.

Why do some campuses offer Drama or Art as a major, while others offer Acting or Visual Arts as a major? Each SUNY campus offers unique programs under different academic departments at the various campus locations. It is important to use a wide variation of words when conducting your academic searches online to find the right program of study. Some examples of an inclusive search may include:

- Drama, Acting, Theatre
- Art, Studio Art, Visual Arts, Graphic Arts
- Music, Vocal Performance, Jazz Studies, Music Business
- Cinema, Film

AUDITION GUIDELINES (cont.)

What do I need to bring to my audition? In some cases, you may be required to prepare material that will represent you at your best such as letters of recommendation or an artistic résumé or portfolio. Be sure to check with each campus as to what you should bring to your audition.

What should I wear to my audition? Whether you are auditioning for dance, theatre, or music, you should dress comfortably, but appropriately. Dance students should have appropriate shoes for the dance audition.

Does it cost anything to audition? Some programs do charge an audition fee that must be paid in advance or at the time of your audition. Be sure to ask each campus if there is a fee to audition for the program.

Where will the audition take place? Auditions for SUNY programs may take place at individual campuses or regional locations throughout the United States. Check with each campus for a complete list of audition dates and locations.

Audition reminders It is important to prepare for an audition. You should become familiar with the audition requirements, understanding that they may vary at each campus. Also, be aware of time restrictions on auditions and ensure that you do not exceed the time limit allotted.

ADDITIONAL RESOURCES

SUNY Website The SUNY website allows students to identify academic programs of study through a curriculum and campus search. (www.suny.edu/attend)

SUNY Campus Websites Each campus within the SUNY system maintains its own website. Please visit each campus website for a general overview and to learn specific information about the admissions process, as well as audition and portfolio information. (www.suny.edu/attend/visit-us/complete-campus-list)

National Association for College Admission Counseling (NACAC) The National Association for College Admission Counseling sponsors Performing and Visual Arts College Fairs throughout the United States each year. They also provide general tips and guidelines for students interested in applying to performing, visual, or creative arts programs. (www.nacacfairs.org/attend/pva)
