### MANAGEMENT RIGHTS

**Section 1.** The College retains, solely and exclusively, all its inherent rights, functions, duties and responsibilities, with the unqualified and unrestricted right to determine and make decisions on all terms and conditions of employment and the manner in which the operations of the College will be conducted, except where those rights have been clearly, expressly and specifically limited in this Agreement.

## **ARTICLE 4 B EMPLOYEE RIGHTS**

**Section 1.** The College recognizes the rights of employees to designate a representative of the CSEA to appear on their behalf to discuss salary, working conditions, grievances, and disputes and to determine the conditions of this contract.

- A. The CSEA shall submit the names of the officer designated as representative in writing to the president and the Human Resources department. There will be a limit of one (1) steward per shift and the president of the Bargaining Unit.
- B. The CSEA shall have the right to post notices and other communications with regard to appropriate association business on bulletin boards maintained on the premises of the College.

**Section 2.** The Union shall have the sole and exclusive right with respect to other employee organizations to represent all employees in the heretofore defined bargaining unit in any and all proceedings under the Public Employees' Fair Employment Act; under any other applicable law, rule, regulation or statute; under the terms and conditions of this Agreement; to designate its own representatives and to appear before any appropriate official of the Employer to effect such representation; to direct, manage and govern its own affairs, to determine those matters which the membership wishes to negotiate and to pursue all such objectives free from any interference, restraint, coercion or discrimination by the Employer or any of its agents; to pursue any applicable matter or issue through the grievance procedure, or if the grievance procedure is not applicable, to a court of competent jurisdiction. The Union is not required to provide non-members with any of its professional, legal, technical or specialized services.

## **ARTICLE 5 BULLETIN BOARD**

**Section 1.** A bulletin board will be provided by the Employer for the exclusive use of the Union.

**Section 2.** The Union agrees that this bulletin board will be used solely for Union business appropriate to the negotiating unit, and will not be used to communicate derogatory or defamatory notices.

**ARTICLE 6**  
**CONTRACT COPIES**

**Section 1.** The Union agrees to reproduce copies of this Agreement (such copies to be 8 1/2" by 11") and to make such copies available to the employees in the negotiating unit.

**ARTICLE 7**  
**RETIREMENT PLAN**

**Section 1.** The Employer will continue to provide under the New York State Retirement System, for the term of the agreement, the non-contributory twenty (20) year career plan, referred to as Section 75I for those employees hired prior to June 30, 1977. For those employees hired July 1, 1977, and thereafter, the employer will contribute as required by the Pension Reform Act of 1976.

**Section 2.** The College shall provide the death benefit rider, Section 60b, and shall make the purchase of military credit available to the employees in the event such purchase is authorized by the State Legislature.

**Section 3. Supplemental Retirement Programs.** SUNY's 403b plan is voluntary and available to all full time employees. Participants may direct their tax deferred contributions to any of the five SUNY-approved investment companies.

**NOTE:** Arrangements will be made to provide details of this plan so that employees who are interested may be informed of this benefit prior to enrollment, if they choose.

**Section 4.** The College agrees to provide the 41J rider to the retirement program pertaining to the application of unused sick leave as additional service credit, up to the maximum allowed by the New York State Employees Retirement System.

**ARTICLE 8**  
**SICK LEAVE**

**Section 2.** Sick leave credit for a full month shall be earned only after completion of fifteen (15) calendar days on a full pay status in a calendar month, and no accruals or

**ARTICLE 8  
SICK LEAVE**

(Continued)

partial accruals shall be granted for service of less than fifteen (15) calendar days in full pay status in a calendar month.

**Section 3.** Unused sick leave may be carried over from one fiscal year to the next fiscal year up to the maximum total accumulation permitted under Section 41j of the New York State Employees' Retirement System.

**Section 4.** Sick leave allowance shall be used and shall be paid only for the employee's personal injury or illness, disability, and/or medical office visit, or for that of the employee's spouse, or documented domestic partner, child (including adopted or child of documented domestic partner, foster or legal step child) or other member of the immediate family residing with the employee. Other members of the immediate family shall be defined as the employee's or employee's spouse's biological or foster parent, step-parent, sibling, grandparent, or grandchild. Family illness shall require the same medical proof as required of the employee.

**Section 5.** The employer is to be notified on the first day of employee's absence concerning the nature of the illness and probable duration of the absence. The employer may require as a condition of sick leave payment, medical proof of disability after three (3) days absence, and for absences in excess of thirty (30) days may require a physician's statement of the employee's physical ability to return to his/her normal job duties. In the case of chronic absenteeism, however, medical proof of the cause of absence may be required at any time. Should an employee become injured on the job or at home, the College reserves the right to require proof of hospital or doctor visitation prior to the employee's return to work. Such medical statement must indicate the employee's ability to perform his/her normal job functions and /or set forth any limitations.

**Section 6.** Sick leave may be taken in not less than 1/4-hour segments.

**Section 7.** An employee who has twelve (12) or more accumulated sick days to his/her credit and who is off from work due to illness for a consecutive period which exhausts his accumulated sick leave shall be advanced up to twelve (12) days additional sick leave upon his/her request. This advance shall be charged against the employee's account and shall be repaid by future accumulation or by deduction from salary payment if the employment terminates prior to full reimbursement by accumulations.

**Section 8. Sick Leave Donation.** In order to receive a sick leave donation from another member (s) of the bargaining unit, all of the following criteria must be met. The recipient must:

**ARTICLE 8  
SICK LEAVE**

**(Continued)**

- a) Be unable to work due to a continuing disability resulting from personal illness or injury and provide medical documentation of such disability.
- b) Have used all of his/her accumulated sick leave, personal time, vacation, and compensatory time.
- c) Have not received any other form of compensation, such as Social Security disability benefits, long-term disability benefits, Worker's Compensation, or disability benefits from a state retirement plan.

The donated sick leave, as administered by the Human Resources Office, will be distributed to the recipient on a daily basis, as needed, up to a maximum of sixty (60) workdays or three (3) work months. Transfer of donated sick leave to an employee may not be denied if all eligibility criteria are met and there are enough donated days to cover the periods. For the purpose of this Section, a day is defined as eight (8) hours based on a forty (40) hour workweek schedule.

During an employee's time of need, a general plea will go out to the bargaining unit inviting members to donate up to a maximum of three (3) days from their accrued sick leave balances. In order to donate sick leave, members must have a current minimum balance of twelve (12) sick leave days. The maximum amount of sick leave that any member can donate during any fiscal year is twelve (12) days. To facilitate the sick leave transfer between members, the following procedure will be followed:

- a) The donating member must complete a form stating the name of the recipient and the amount of leave to be donated, up to the maximum of three days. This form must be signed and forwarded to the Human Resources Office.
- b) Once the donation is approved, a copy of the form will be placed in the donor's personnel file and the original will be forwarded to the Payroll Office so that the donating member's sick leave balance can be adjusted accordingly.
- c) The recipient of the donated time will be notified of the donation unless the donor wishes to remain anonymous.

**ARTICLE 8  
SICK LEAVE**

**(Continued)**

Payment of the donated leave will be based upon the recipient's current rate of pay. However, this rate may be changed due to any pay increases which occur during the periods of donated leave.

Only sick leave necessary to cover the employee's absence will be used, up to the maximum amount. Any unused sick leave will be returned to the donors on a pro-rated basis.

The decision to donate sick leave to another member should be a choice made freely by each member. Donation forms are available in the Human Resources Office. No one should feel unduly influenced by another person to donate sick leave.

**Section 9.** If an employee does not report for work due to illness, he/she will report this fact by telephone call to the Physical Plant Department Office. If reported within the first hour or his/her shift, the employee will lose no pay for such absence, unless all sick leave has been used. If not reported within the first hour, the employee shall lose pay for that hour and for each hour thereafter until the employee, in fact, reports his/her absence to the employer.

**Section 10.** Should changes in sick leave accumulation and disability insurance coverage be made for other members of the college staff during the life of this Agreement, then such changes shall also be made applicable to the members of the Bargaining Unit.

**Section 11.** Absenteeism Guidelines - Corning Community College assigns campus maintenance to the Physical Plant Department. The College and the Physical Plant management can maintain the campus only if the CSEA staff is present to do its work. **Section 3.** Time worked on any of the fourteen (14) holidays will be paid at the rate of double time and one half (2.5): eight (8) hours at straight time, plus time and one half (1.5) for the hours worked during the holiday.

**Section 4.** It is agreed that the holidays designated to be observed by the Physical Plant personnel shall be the same as those of the other support staff members of the College. Upon posting of the holidays to be observed, it is agreed that both parties shall meet and negotiate as to any disagreement which may arise with the days designated as holidays.

**Section 5.** Should any of the paid holidays fall on a Saturday, then the preceding Friday shall be designated the holiday. Should any of the paid holidays fall on a Sunday, then the following Monday shall be observed as the holiday.

**Section 2.** In all cases of increases or decreases of force, seniority shall prevail in accordance with the applicable provisions of the Civil Service Law.

**Section 3.** All new employees shall be considered as probationary employees for a period not to exceed one hundred thirty (130) workdays.

- a. He/she quits or is discharged;
- b. He/she refuses to accept a recall;
- c. He/she is laid off for a period of more than two years, or is otherwise absent from work for a period of more than one year;

### WORK WEEK AND PREMIUM PAY

**Section 1.** The workweek is defined as a one hundred and sixty-eight (168) consecutive hour period commencing at 12:01 a.m. Saturday and ending at 11:59 p.m., Friday.

**Section 2.** Time worked in excess of forty (40) hours in any workweek will be paid at time and one-half (1.5) rate, at the employee's option, compensatory time at time and one half (1.5) may be taken with the approval of the employee's immediate supervisor. In addition, employees shall be allowed to accrue up to 100 hours of compensatory time in a fiscal year. Employees shall be allowed to carry 50 hours of compensatory time from one fiscal year to another. Compensatory time in excess of 50 hours as of August 31<sup>st</sup> of each year shall be paid to the employee in a lump sum at the straight time rate. Employees shall not request use of compensatory time prior to Start-up week, graduation week, and open house week or in other compelling situations such as snowstorms when the employees' presence is needed.

**Section 3.** If more than one (1) category of premium can be paid for the same hours of work, only the greater premium rate will be paid; there will be no pyramiding of premium payments for the same hours of work.

**Section 4.** All paid time, except union leave, shall be counted as hours worked towards forty (40) hours in the workweek. If an employee also works on one (1) of these days, the greater of the worked or unworked time will be counted as hours worked towards forty (40), but in no event will both worked and unworked time be counted.

**Section 5.** Overtime work, when required, will be assigned to the trade or craft where the work is normally preformed, and will be done as fairly as possible within the trade or craft on a rotating roster basis.

Exceptions may be made as follows:

- (1) For undetermined emergencies (Acts of God): and for members of emergency project crews who must continue with such projects on an overtime basis and who possess a particular expertise related to that project.
- (2) Regularly scheduled projects that must be continued beyond, or begun prior to, regular work hours, which required overtime work of two hours or less and involve people who are assigned this type of work during their normal shifts.
- (3) Overtime work assigned under #1 or #2 above and shall be recorded on the roster and those employees receiving such work cumulative to four hours shall be passed over for regular overtime work until such time as

**ARTICLE 21  
WORK WEEK AND PREMIUM PAY**

(Continued)

other employees on that same roster have had substantially equal overtime hours either worked or refused.

- (4) When overtime work vacancies exist after a specific roster had been exhausted, backup rosters will be used and will be established by logical assignment based on the type of work normally assigned.

Three basic overtime rosters will be maintained: one for trades (carpenter, painter, heating, electrical, plumbing, sewage treatment); one for grounds; and one for custodial and labor. Master rosters will be kept in the Physical Plant offices and duplicates will be posted: the one for trades and grounds on the bulletin board outside the lounge at the Physical Plant, and the one for custodial and labor posted on the bulletin board at the time clock outside the classroom custodial offices. These rosters will be posted and kept up to date, including the following information: x - worked, and number of hours worked; r - refused; N- no answer; V- vacation; S - sick leave; P - Personal leave.

1. Anyone who does not want to be on an overtime roster may request to have their name removed, with the right to have their name restored on the roster not less than 60 days later.
2. If an individual on the roster refuses three (3) consecutive overtime calls, he/she will not be called for a period of ninety (90) days after the third refusal.
3. If a person is offered an overtime assignment or call-in, and refuses it, this will count as an overtime offer on the distribution and position on the roster. The following provisions apply:
  - (a) When an individual is offered an overtime assignment before 12 noon on the day the overtime work is performed, and the individual refuses the offer, it shall count as a refusal and all provisions of Section 5 will apply.
  - (b) When an individual is offered an overtime assignment after 12 noon on the day the overtime work is to be performed, and the individual refuses the offer, it shall count as a refusal and all provisions of Section 5 will apply except that item (2) above will not apply.
4. When an attempt is made to contact an employee at home for overtime and there is no answer, it shall be the same as a refusal, with the exception that item (2) above will not apply. A notation shall be made on the roster beside the person's name indicating the time and date the call was made, and that there was no answer to the call.
5. The overtime cycle, for roster purposes, will begin anew each fiscal year.

Overtime work, which does not fall into a specific category, will be assigned after consultation with the Union President.

**ARTICLE 21  
WORK WEEK AND PREMIUM PAY**

The decision as to whether to schedule overtime work for the Physical Plant staff is reserved to the College.

**Section 6.** Those employees who work on any day declared by the President of the College or his/her designee to be a "snow day" will be paid straight time for all hours worked in addition to their eight hours of unworked "snow day" time.

In the event of an early closing of the College due to inclement weather or other circumstance, members of the bargaining unit are considered to be essential personnel and are expected to work their scheduled hours, until excused by the Director of Physical Plant or his/her designee. Those employees who continue working will be paid straight time for all hours worked in addition to "snow day" time for the hours between the time that the College closes and the end of the regularly scheduled work shift.

In the event of a delayed opening of the College due to inclement weather or other circumstance, members of the bargaining unit are expected to report to work at the start of their regularly scheduled work shift, unless they have been excused by their supervisor. Members who work will be paid for the same amount of snow pay as other College employees, in addition to straight time pay for all hours worked that day. If a member is unable to report to work, he/she must follow the usual procedure for calling off work and will be required to charge paid leave (or have their pay docked, if no paid leave available) for any missed time.

Paid leave will not be affected by any campus closings or delayed openings. Members scheduled to be on any paid or unpaid leave at the beginning of the work day will retain this leave status regardless of any unscheduled closing or delayed opening of College facilities.

**Section 7.** If the employer calls an employee back in to work on the same day after he has left at the end of his regular shift, or if the employer calls him/her in to work from his/her home on his/her regularly scheduled day off, the employer will guarantee four (4) hours of work or (4) hours of pay.

Since testing at the Water Treatment Plant needs to be done each and every day, whenever an employee performs the necessary testing on his/her day off, he/she will be paid two (2) hours of pay (regardless of the amount of time it takes to perform such testing) or for actual time worked (if greater than two (2) hours). These two hours will be paid at the rate of time and one-half or may be taken as compensatory time at the rate of time and one-half (as long as the employee will have worked or be paid for at least 40 hours within that week).

**ARTICLE 21**  
**WORK WEEK AND PREMIUM PAY**

(Continued)

**Section 8.** It is agreed that the week prior to the start of fall classes and the week of Graduation shall be considered as part of the workweek and members of the bargaining unit will be required to work. For purposes of this section, the week is defined as Monday through Sunday.

**Section 9.** When Graduation falls on a Saturday or a Sunday, members of the bargaining unit will be required to work one of the two weekend days. At no time will a bargaining unit member be required to work both weekend days unless it is part of his/her regularly scheduled work week.

**Section 10.** Full-time night shift personnel (11:00 p.m. to 7:00 a.m.) shall receive differential of ten cents (\$.10) per hour.

**Section 11.** The College agrees to the practice whereby the last workday of each week is shortened by one hour at the end of the last workday during periods when the College is not in session and during the summer months. During the summer months, this practice will begin on the Friday after Graduation and will end on the second Friday prior to the start of fall classes. Members who are approved for paid leave on such shortened work days will not be required to use paid leave for this one hour.

**Section 12.** Should an employee punch in after his scheduled work time, he/she will not be paid for ten (10) minutes work for every ten (10) minutes or fraction thereof the employee is late. Should an employee punch out before his/her scheduled time, he/she shall not be paid for ten (10) minutes for every ten (10) minutes or fraction thereof he/she leaves early.
