

TO: MWBE Program Coordinators and Procurement Staff

FROM: Pamela Y. Swanigan ^{TYS}
Director of University-wide MWBE Program

SUBJECT: SUNY MWBE/SDVOB Exemption and Exclusion Procedure, SFY 2017-18

This Guidance Bulletin is to advise you of the State University of New York's (SUNY) University-wide Minority and Women-Owned Business Enterprise (MWBE) Program and the Service-Disabled Veteran-Owned Business (SDVOB) Program procedure and guidelines to determine whether New York State Executive Law Article 15-A (15-A) and New York State Executive Law Article 17-B (17-B) participation goals are exempt or excluded from specific goods, material or services.

Procedure

SUNY will exempt or exclude a specific classification of goods, materials or services in accordance with the definition of Exemptions and Exclusions under Executive Law Articles 15-A and 17-B.

Exemptions are defined procurements which are not subject to MWBE or SDVOB goal setting, and are listed as exempted or excluded on the respective Master Goal Plans and Master Goal Plan Updates. Any MWBE or SDVOB utilization received on exempt contracts should not be reported in quarterly utilization submissions, **unless, and only if, the full expenditure is also reported and the exempted contract is removed from exemption status in SUNY's goal plan.** Exemptions are permanent and need not be updated annually. Examples of exemptions are as follows:

- a) Personal services (i.e. payments to staff for labor)
- b) Debt service
- c) Travel reimbursement
- d) Utilities
- e) OGS centralized services¹ (e.g. charge backs)
- f) Sole source contracts
- g) Postage
- h) Telephones
- i) Staff benefits
- j) Operating transfers
- k) Certain rentals and repairs
- l) Special departmental charges (i.e. unemployment insurance and tuition reimbursement)
- m) Governmental agencies

Exclusions are contracts that either do not have subcontracting opportunities or availability of certified MWBE or SDVOBs to provide specific goods or perform services. If a contract or sub object code is deemed an exclusion it is not subject to MWBE or SDVOB goal setting and must be added to the respective Master Goal Plan or the Master Goal Plan exclusion list. However, if MWBE or SDVOB utilization is unexpectedly obtained, MWBE/SDVOB utilization can be reported with the associated expenditure. **UNDER NO CIRCUMSTANCES CAN MWBE or SDVOB UTILIZATION BE REPORTED WITHOUT THE ASSOCIATED EXPENDITURE.** SUNY's University-wide MWBE Program in collaboration with the campus MWBE Program Coordinator must thoroughly research MWBE availability in the New York State MWBE Directory, and SDVOB availability in the Office of General Services SDVOB Directory. Additionally, they are encouraged to consult with their Office of General Services SDVOB representative and ESD Business Development Unit before a contract or SUNY sub object code can be identified as an exclusion.

¹ Not to be confused with OGS centralized contracts.

In-year Exclusions are contracts that were not reported as exclusions in the respective Master Goal Plan or Master Goal Plan Update, and present no subcontracting opportunities or there is currently no availability of certified MWBEs or SDVOBs to perform or provide specific goods or services. If a contract is deemed an in-year exclusion it must be reported to the Division/OGS and it must be added to a revised Master Goal Plan or Master Goal Plan Update. In-year exclusions are only submitted on a contract-by-contract basis, groups or classes of contracts deemed exclusions must be reflected on a Master Goal Plan or a Master Goal Plan Update.

Classifications of items, as provided in Attachment A, have been identified by SUNY and submitted to ESD Division of Minority and Women's Business Division (DMWBD) for approval in the SFY 2017-18 Master Goal Plan. The selection on this itemized list by SUNY is based on a search of the ESD and the OGS certification database, as of December 30, 2016. SUNY must receive annual approval of its itemized exclusion and exemption list from DMWBD. OGS' SDVOB program accepts the exclusion and exemption list as approved by ESD.

Exemptions and Exclusions vs. Waivers

Application of the exemption and exclusions evaluation occur during the pre-solicitation phase and is simply a part of the goal setting process, prior to the creation of the RFP. If the procurement falls under the pre-determined sub object codes listed in Attachment A, the pre-RFP waiver is not required and MWBE or SDVOB goals do not apply. ESD has approved the removal of goals from these procurement through the evaluation of SUNY's Master Goal Plan.

Waivers occur "post-award" and result in a reduction or elimination of the MWBE goals that were established and agreed upon, by the contractor, when the contract was awarded. The waiver request requirements are outlined in 5 NYCRR Part §142.7 and Waiver Guidance Bulletin, Volume 8 April 1, 2017.

Exemption and Exclusion Captured in PRISM

Exemptions and exclusions approved by ESD are hard coded into PRISM, SUNY's web based MWBE contract management system. The hard coded list is reviewed annually. All payments and transactions which meet the exemption and exclusion rule are excluded from the expenditure base, unless the payment is made to an MWBE or SDVOB.

PRISM captures campus exemption and exclusion in a custom report and displays the Excluded Prime Payments, with associated custom data, for all SUNY campuses in an Excel format.

Campuses are able to access their list of exemptions and exclusions by downloading the Exemption and Exclusion Custom Report in PRISM. These data can be exported to an Excel spreadsheet for review and data cleansing should the need arise. Instructions to download this custom report can be obtain by contacting your campus MWBE Program Coordinator or send an e-mail to MWBEProgram@suny.edu.

** Categories have been collapsed into broader topical headings*
